***Frank Stock***

**June 4–19**

The band is back together man! In the 70's this college singing group played at Frank Stock. Well, it's been 10 years & a reunion is in order! The gang plays their favorite 80's songs as bring back the glory days of old. Will the reunion be a smooth one? I think not!

***The Carlton West***

**July 23–August 21**

The Carlton mysteriously burnt down in 1986. This was the place in NE WI where all the national acts played. Bobby Vinton, Red Skelton, Pat Boone all played the room. What a great time in Green Bay! This really was the first dinner theater in Green Bay! Check out how we think it was like at the Carlton! Frank and Pat actually worked there!

***Beer & Wings***

**September 24–October 16**

Paul was a brilliant lad. He had three major phases of his music career. Rock & Roll, psychedelic & the one I call Juniors Farm. The Wings days of the 70's produced over 30 hits! We will create some of the magic again at Juniors Farm!

***A Frank's Christmas***

**November 19–December 23**

Now a family tradition in NE WI! All original & always a new tummy-tickling story of the holidays.
